In the Claims

Please amend Claims 1-10 as follows:

- 1. (Currently amended) A method for allowing content to be broadcast without commercial interruption, yet letting the company or companies sponsoring the broadcast to offer purchasing incentives to viewers, the method comprising:
 - a. receiving a broadcast with embedded information about the broadcast;
 - b. extracting content from said broadcast, for displaying to the viewer;
 - c. extracting said embedded information from said broadcast;
 - d. storing said embedded information;
 - e. sending said embedded information and viewer information to a remote computer; and
 - f. receiving specific incentives based on said embedded information and said viewer information sent.
- 2. (Currently amended) A method for allowing content to be broadcast without commercial interruption, yet letting the company or companies sponsoring the broadcast to offer purchasing incentives to viewers, the method comprising:
 - a. receiving a broadcast with information about the broadcast imbedded embedded into the broadcast at regular time periods, said information including timestamps;
 - b. extracting content from said broadcast, for displaying to the viewer;
